Annual index

G.R. List, Index Editor

Page ranges by issue

January	1–80	July	389–500
February	81–136	August	501–560
March	137–192	September	561–632
April	193–284	October	633–692
May	285–340	November	693–752
June	341–388	December	753–816

16th International Plant Lipid Symposium, meeting report, 625
2004 Agricultural Outlook Forum, meeting report, 304
3rd Europe Fed Lipid Congress, awards announced, 724; meeting report, 739
3rd Global Oil and Fats Forum, meeting report, 72
VII World Soybean Research Conference, meeting report, 327

A

Aarhus USA, 173
Aceitera General Deheza, 593
Ackman, R., 486; on current acceptance of health benefits from long-chain n-3 fatty acids, 550
Acrylamide, 366
Adani Wilmar Ltd., 418
Adhvaryu, A., 705
Adiponectin, 743
Adlof, R., receives AOCS Analytical Division's Herbert J. Dutton Award, 489
ADM, biodiesel pact, 161
AFECG Chevreul Medal, presented to K. Kövari, 739
Affymetrix Inc., to develop new biotechnology products, 175; 247
Agilent Technologies Inc., 109, 672
Ag-Pro Ltd., toll processing, 420
Agricultural Research Service, 50th anniversary, 480
Ahima, R.S., 742
Akama, K., 488
Akoh, C., 487; elected AOCS secretary, 227; AOCS Stephen S. Chang Award acceptance lecture, 483
Aksoy, A., receives Wiley VCH Poster Award at Euro Fed Lipid meeting, 724
Allergens, 603, 620; in the work place, 479; new U.S. labeling regulations adopted, 648
Alzheimer's disease, and docosahexaenoic acid, 726; and vitamins, 349
American Chemical Society, Great Lakes Regional Meeting, 406
American Soybean Association, 158, 417; sets policy platform at annual meeting, 305
Angelico, P., 468
Animal fats industry, effects of disease on, 292
Animal feed, and dietary fats, 334; and mad cow disease, 292
Antenucci, B., 477
Antibacterial soaps, 316
Antimicrobials, 58
Antioxidants, in vegetable oils, 553; 603
AOCS 2003 Annual Report, 409
AOCS 2004 Honored Students, group photograph, 486
AOCS 2004–05 Approved Chemists, list published, 612
AOCS 95th Annual Meeting & Expo, 153; business-meeting minutes, 661; exhibitors, 449; hot topics summaries, 472; meeting report, 462; session summaries, 492; Twin Rivers' olestra plant tour, 468;
AOCS Analytical Division, 223, 225
AOCS Awards program, 253
AOCS Biotechnology Division Lifetime Achievement Award, to be presented to R. Patel, 223, 487
AOCS Canadian Section, to meet in Halifax, 406; presents awards to R. Ackman and J. Rattray, 783
AOCS Centennial Year, 155
AOCS Certified Laboratories, 709
AOCS Fellows, 481; 2004 selections announced, 222
AOCS Food Structure and Functionality Forum Division Lifetime Achievement Award, to be presented to A.-M. Hermansson, 223
AOCS Foundation, 154, 791
AOCS Governing Board candidates, 766
AOCS Health & Nutrition Division, dinner meeting, new officers named, 478
AOCS Honored Students, 2004 recipients announced, 224
AOCS India Section, 473 meeting report, 325
AOCS Industrial Oil Products Division, annual luncheon, 488
AOCS Laboratory Proficiency Program winners announced, 664
AOCS Lipid Oxidation and Quality Division, 477; Best Paper Awards, 223
AOCS North Central Section, co-sponsors American Chemical Society's 46th Great Lake Regional Meeting, 95, 406
AOCS Northeast Section, annual Kaunitz Award meeting, 169
AOCS Phospholipid Division, best paper award, 224
AOCS Press, new executives named, 708
AOCS Processing Division, 476; holds facility management session at AOCS meeting, 470
AOCS Protein & Co-Products Division, 477; ADM Award winners announced, 224
AOCS Student/Mentor program, marks 10th anniversary, 539
AOCS Surfactants & Detergents Division, 154, 224, 470
AOCS Timothy L. Mounts Award, presented to A. Marangoni, 491
AOCS workshop in *trans* fatty acid analytical methodology, 185
AOCS Young Scientist Research Award, to be presented to J. Coupland, 222
AOCS, proposed amendments to bylaws, 112
Applewhite, T. H., 522
Apse, M., on engineering salinity tolerance, 152
Arachidonic acid, 638; Cargill to market product in China, 715; fungal production, 20
Archer Daniels Midland Award, 224
Archer Daniels Midland Co., 200, 233, 234, 355, 530, 590, 595, 713; Culinary Center, 388; marketing liquid shortening, 651; plans increased presence in China, 48; to increase production of zero- and low-trans products, 593; trade with Cuba, 92
Argentina, 162, 593; world's leading soybean exporter, 233
Armstrong, G., 86
Arora, R., on edible oil outlook for India, 644; on rice bran oil as a health food, 706
Artz, W., elected AOCS Governing Board member-at-large, 227; on the AOCS awards program process, 253
Arumughan, C., 326; on edible oil outlook for India, 644; on rice bran oil as a health food, 706
Ashby, R.D., on sophorolipids as microbial biosurfactants, 270
Asperger's syndrome, and dietary fat, 638
Asthma, in the work place, 479
Atkins diet, 16
Attention deficit hyperactivity disorder, and EFAs, 640
Australia, 50, 174, 260, 367, 630; oils containing n-3 fatty acids, 383
Automation, in oilseed processing, 508

B

Bailey, Alton E., 44th Award to W.W. Christie, 44
Bakery products, use of fats and oils, 572
Baldwin (A.R.) Distinguished Service Award, to be presented to J. Endres, 222
Baldwin, A. R., 521
Bangladesh, increases palm oil imports, 97
Baybutt, P., 624
Bayer CropScience AG, 367, 729
Beare-Rogers, J., 520
Beaubien, K., 476
Beers, A., on hydrogenation for reduced *trans*-fatty acid content, 404
Belgium, 729
Benefat, 98
Berger, K., meeting report on Food Authenticity: Purity of Oils and Fats in Foods, 622
Besemer, M., 227
Bhattacharyya, D.K., on biochemical aspects of unusual conjugated 18:3 fatty acids, 629
Biermann, M., 154, 486
Bilbus, D., 478; on the AOCS awards program progress, 253
Bile acid metabolism, 485
Biodiesel 50, 99, 595, 716; European production rises, 357; from coconut oil, 420; in South Africa, 421; new facility in Canada, 530; United Kingdom retains tax rules, 303
Biodiesel Association of Canada, 237
Biolubricants in Europe, 376
Biotechnology, Brazil and GM crops, 61, 788; study on the impact of GM crops on wildlife, 60; use in producing long-chain dibasic acids, 568
Biresaw, G., on biobased metalworking fluids, 148
Blackburn, S.I., on n-3 oils in Australia, 383
Bloomer, S., on how to write a scientific paper, 761
Bockisch, M., 739
Body mass index, standard measure may not apply to Asians, 170
Bollheimer, P., 227
Bosold, P., 473
Bothast, R. J., on ethanol research facility, 518
Boulmerka, A., 473
Bovine spongiform encephalopathy, 292; first case in United States reported, 171; U.S. Food and Drug Administration adopts interim final rule, 648
Bradford Soap Works, 59
Brazil, 50, 61, 96, 161, 650; genetically modified soybean debate continues, 728; internal opposition to genetically modified soy continues, 317; may modify biodiesel regulations, 595; soybean exports, 419; soybean production, 764
Breast cancer, and soy, green tea, 106
Brock, M., 385
Bruhl, L., on cold-pressed edible rapeseed oil production in Germany, 266
Buckner, W., 714
Buczek, B., on applicability of used rapeseed oil in biodiesel fuel, 185
Bunge Ltd., 200, 233, 356, 419, 593, 658, 713
Burcom NutraScience Corp., 595, 420, 715
Butter, 162
Byrdwell, C., 489

C

Cahn, A., 87, 520
Campbell, E.J., 520
Campos, M., 162
Canada, 232, 234, 308, 438, 623; food guide chart, 144; and GM food labeling,110; government funds to help fund biodiesel plant, 530; introduces voluntary GM-free labeling, 354; oil exports to India, 97
Canadian Section of AOCS meeting, 76
Cancer, 603
Canola, 368, 420, 438, 588, 671; Canada aiming more exports at Asia, 234; commercialization of GM varieties in Australia may begin, 174, 367; new Canadian varieties registration urged, 356
Cantrill, R., on AOCS *trans* fatty acid analytical methodology workshop, 185
Cardiovascular disease, 90
Cargill Health & Food Technologies, to market arachidonic acid in China, 715
Cargill Inc., 50, 98, 159, 200, 236, 305, 593, 650, 651, 714; reports on packaging consumer research in Japan, 595
Carman, G. M., receives AOCS Supelco/Nicholas Pelick Research Award, 482
Carotenoids, 105
Cartagena Protocol on Biosafety, 88
Casillo, D., 486
Cathay Biotechnology, producing dibasic acids, 569
Cellulose, affect on brain activity different than that of fat, 366
Center for Food Safety and Applied Nutrition, publishes priorities list, 536
Cermak, S., 95; on estolides, 515
Chang (Stephen S.) Award, to be presented to C. Akoh, 222
Charpentier, R., 227
Chaudry, M. M., on the value of Halal food production, 698
Chen, C., 169
China, 48, 158, 306, 319, 368, 439, 715; food guide, 142, 144; and genetically modified crops, 605; importance in global oilseed, fats and oils industry, 352; largest soybean buyer, 48; reports genetic modification identification system, 109
Chocolate, commentary on EU directive, 96

Cholesterol, 56, 434; cellular regulation studied, 105; in heart disease, 314
Choline, in infant health, 349
Christie, W.W., to receive Alton E. Bailey Award, 44
Circle Group Holdings, opens new fat substitute manufacturing facility, 652
Clarkson, L., on identity preservation for niche oilseeds, 513
Cleaning products market, industrial and institutional, 86
Clough, P., 111
Clover Corp. Ltd., announces joint venture, 160
Coconut oil, 97, 415; Philippines to promote organic oil exports, 530
Codex Alimentarius, approves changes in standards, 648; general structure, 583; may reactivate committee on biotechnology-derived foodstuffs, 590; special dietary uses committee, 218
Cognis Group, producing dibasic acids, 569
Colombia, 156
Colon cancer, and vitamin D., 105
Computers, role in oilseed processing, 508
Conjugated dienoic fatty acids, literature search report on biochemical aspects, 629
Connor, D. S., receives Samuel Rosen Memorial Award at AOCS meeting, 488
Consolidation, in fats and oils processing industry, 200
Contract research, 816
Corkey, B., 742
Corn genome, firms to share data, 317
Corn, 369; China may accept GM variety, 439; European regulatory action on request to approve biotechnology-derived products, 605; genetic contamination in Mexico, 318; low-carbohydrate, higher-protein and -oil variety, 439; varieties with higher Vitamin E content produced via biotechnology, 176
Coronary heart disease, and n-3 fatty acids, 548
Cosmetics, from naturally derived lipids, 274; skin care, 290
Cotton, photo of flowers, 283
Coupland, J.H., receives AOCS Young Scientist Research Award, 487
Cowan, D., on enzymatic interesterification, 150
Cox, M., named an AOCS Fellow, 222, 481
Craig-Schmidt, M., 478
Crown Iron Works Co., expands research and development test laboratory, 278
Crystallization, in emulsions, 487
Cuba, 92
Cystic fibrosis, and fatty acids, 242
Czepirski, L., on applicability of used rapeseed oil in biodiesel fuel, 185

D

Daidzein, role in preventing cancer, 315
Dairy feed, use of rapeseed, 314
Dairy foods, inverse relationship with obesity, 314
Danisco A/S, 98, 105
Danzer, M., 146
Dayton, C., 231
Degussa Bioactives, 49
Depression, and dietary fat, 638
Dermatitis, in the work place, 479
DGF Normann Lecture, given by M. Parmentier, 739
Diabetes, 90
Diacglycerol oils, production process, 150
Dial Corp., to be acquired by Henkel, 107
Diaz, M., receives Hans Kaunitz Award, 169
Dibasic acids, via biotechnology, 568
Diet, and heart disease, 472
Dietary fat, excesses and liver disease, 536; in human health, 638; physiological regulation in mice, 507
Dietary fiber, labeling petition submitted, 710
Dietary Guidelines for Americans, advisory panel recommends changes, 668
Dietary lipids, health and functional aspects, 483
Dietary supplements, regulation of, 218
Diets, weight-loss, 16
Dijkstra, A., on preserving meat in fats, 336
Disabilities, in the work place, 398
Dishwashing, early automatic machines, current global usage of automatic dishwashers, 745
Docosahexaenoic acid, 383, 435; and Alzheimer's disease, 726; in heart disease, 472
Doerr, M., 477
Dragla, P., on Canadian aid in hemp cultivation in Australia, 630
Dubinsky, E., 477
DuPont, 317, 658; acquires Verida Inc., 626; Chinese soy protein project, 308; to support plant germplasm depository, 317
Dupont, V., 715
Dutton (Herbert J.) Award, to be presented to R. Adlof, 223
Dyslexia, 640

E

Ecolab Inc., 86
Economic effect of soybean rust disease in Brazil, 298
Ecuador, 156
Edible oils, flavors, 347; in bakery products, 572
Eicosapentaenoic fatty acids, 383; in heart disease, 472
Eijadi Award (Manuchehr), 2004 recipient announced, 225
E-mail spam, 447
Emerging Technologies in Oils and Fats Industry, meeting report, 325
Emulsion, crystallization in, 487
Endres, J., receives AOCS A.R. Baldwin Distinguished Service Award, 481
Engelhard Corp., 404
Engineering salinity tolerance, 152
Enova, diacylglycerol oil to be marketed in United States, 530
Enzymatic interesterification, 150
Equol, may help prevent cancer, 315
Erhan, S., 705
Eskin, M., named an AOCS Fellow, 222
Essential fatty acids, dietary deficiency and poor health, 638
Estolides, 515
Ethanol, research at Southern Illinois University, 518
Ether sulfate, 87
Euro Fed Lipid Congress, meeting report, 739
European chemical policy, 58
European Commission, and food fortification, 46; olive oil reforms, 46; says Scottish salmon is safe, 162; to allow genetically modified sweet corn, 438
European Food Safety Authority, 232; committee clears genetically modified rapeseed, 318; issues opinion on allergen evaluation, 415; report issued on *trans* fatty acids in heart disease, 711
European Union Regulatory Committee, declines to approve rapeseed variety, 525
European Union, 728; disputes with U.S. on oilseed acreage limitations, 303; Executive Commission vote retains moratorium on genetically modified foods, 246; introducing labeling rules for food containing genetically modified ingredients, 368; new rules may affect imports from Argentina, New Zealand, 162; new system for tracking genetically modified food ingredients, 246; progress stalls on use of genetically modified corn, 109; summary report on symposium on labeling of foods containing ingredients from genetically modified crops, 472
Export Committee on Fats, Oils, and Other Lipids, Canadian meeting, 73
Extraction, of oil from soy flour, 575
Eyres, L., 250

F

Fairow, C., 601
Farmer, R., elected AOCS Governing Board member-at-large, 227
Farr, W., 508; receives AOCS Processing Division Distinguished Service Award, 476
Fat cells, biological, signaling activity, 742; use in tissue repair, 434
Fats and Oils Glossary, 301
Fats and oils, toxicity in seawater, 104
Fatty acids, and cystic fibrosis, 242
Fax, steps to curtail unwanted fax messages, 540
Fellers, Michael, 87
Finkenstadt, V., 95
Finland, 160
Finley, J. W., 603
Firestone, D., 478, 521
First American Scientific Corp., to operate Malaysian palm waste facility, 529
First International Congress on Antioxidant Methods, meeting report, 603
Fish oil, as preventive health measure, 90; supplements in metabolism of triglycerides, 537
Fitzpatrick, K., 227
Flavor, in foods and oils, 346
Flax Council of Canada, 124
Flax, photo of flowers, 283
Flaxseed, 124, 771
Flickinger, B., 478
Flider, F., 78, 152
Foglia, T.A., 146; on sophorolipids as microbial biosurfactants, 270
Fonterra Co-operative Group, 160; butter exports to Europe may declines, 162
Food additives, European council amends rules, 96
Food and Agriculture Organization, issues annual report, 438
Food Authenticity: Purity of Oils and Fats in Foods, meeting report, 622
Food labeling, in Europe, changes urged, 232; of coconut oil, 415; U.S. House approves delay in rules on imported foods, 96
Food processing, in Canada, 202
Fourier-transform infrared spectroscopy, to test for purity, 814
Fox, R., 186
Frampton, D., 385
France, food guide chart, 145
Frankel, E., 347
Frauen, M., on research for improvement of rapeseed varieties, 295
French Institute for Fats and Oils (ITERG), 128
Friedman, J.M., 743
Friedt, W., on research for improvement of rapeseed varieties, 295
Frying oil, converting used frying oil to biodiesel, 186
Functional fluids, estolides, 515
Fungal production of arachidonic acid, 20

G

Gamma-linolenic acid, 638; production in genetically modified evening primrose, 527
Garlic, as anticarcinogen, 472
Garnsworthy, P., on the influence of dietary fats and oils on animal product quality, 334
Garthoff, B., 729
Gavin, A., 522
Gawrilow, I., on vegetable oil usage in lubricants, 702
Genetically modified crop plantings expand, 174
Genetically modified foods, consumer preferences and acceptance studied, 175, 318
Germain, T., on consolidation and research and development in S&D and personal-care products industries, 642
Germany, food guide, 142
Germany, 715; production of cold-pressed rapeseed oil, 266
Ginosar, D., 186
Glycerol, supply, demand, and uses, 146
Godrej, N.B., on India oilseed sector in 2004 and future prospects, 332
Goldenberry (*Physalis peruviana* L.), as source of fat-soluble bioactive materials, 130
Grapes, as source of serum lipid-lowering compound, 725
Green, A., on n-3 oils in Australia, 383
Grimm, R.K., 173
Gunstone, F., 724; on Brazilian soybean production, 764; on global importance of palm oil, 156; on global supply and demand for rapeseed/canola, 588

H

Haas, M., 146; elected AOCS vice president, 227; on how to write a scientific paper, 761
Halal food, 698
Hancock, J., on proposed changes to shipping regulations, 204
Harney, M., 111
Harris, W., report on 2002 international workshop on n-3 fatty acids and CHD, 548
HarvestPlus program, 49
Hastert, R., 229
Heart disease, 314, 472; effects of Vitamin E and carotenoids in tables spreads, 105; and n-3 fatty acids, 434, 710; and *trans* fatty acids, 711; and vitamin E., 668
Heckel, C., 231
Heilman, J., 520
Hemp, cultivation, 339; industry wins regulatory battle in U.S., 770; oil, 339; regulation in Australia, 630
High performance liquid chromatography, silver-ion use in lipid analysis, 489
High-erucic acid rapeseed (HEAR), 48
Hill, S., 227, 229, 478
History of soaps and detergents, exhibit at AOCS 95th Annual Meeting & Expo, 471
Holman, R., 222, 477; becomes AOCS Fellow, 481; receives AOCS Health and Nutrition Division's first Lifetime Achievement Award, 478
Holub, Bruce, on a preventive model for health care using nutraceuticals and functional foods, 90
Holzhauser, T., on allergen detection and labeling—scientific and regulatory issues, 620
Hopia, A., elected AOCS Governing Board member-at-large, 227
Hormones, fat cells role in synthesis, 743
Hotamisligil, G.S., 742
Hou, C.T., 486, 487
Hunt, R., 479
Hunter, J. E., 229, 478; on alternatives to *trans* fatty acids in foods, 510
Husum, Lykke, on enzymatic interesterification, 150
Huth, P., 231
Hydrocolloids, in food formulations, 692
Hydrogen, lab-scale production from vegetable oils, 715
Hydrogenation, 404

I

Identity preservation, in oilseed industry, 513
Illingworth, C., on hemp in Canada and United States, 339

India, 49, 158, 159, 174, 332, 355, 356, 357, 418, 529, 530, 592, 606, 650, 712, 713, 728; and edible oil imports, 97, 235, 306; edible oil outlook, 644; export cargo carrier rules clarified, 648; report on biotechnology laws, 438; to have single GM regulatory body, 788; to use biodiesel as train fuel, 651
Indonesia, 97, 156, 159, 307
Industrial Applications of Renewable Resources, meeting coverage, 812
Industrial Oil Products Division, 148, 186; award recipients announced, 223
Infant formula, 381
Inglett, G., 652; receives Presidential Award of Rank, 601
Innes, B., 385
Innovati-Industrriae Comercio de Esteres Sintetico Ltda., 201
Institute of Food Science and Technologists, meeting report, 626; statement on genetically modified foods, 670
Institute of Medicine, report on genetically modified crops/foods, 671
Institute of Shortening and Edible Oils, fats and oils glossary, 301
Intellectual property primer, conditions for patentability, 52
Interesterification, FDA rules on labeling, 590; to reduce *trans* content, 404
International Margarine Association of the Countries of Europe, 229
International Maritime Organization, regulations on shipping oilseeds and oilseed products, 204
International Service for the Acquisition of Agri-biotech Applications, annual report released, 174
International Society for Fat Research (ISF), 473; accepts Korean Society of Food Science and Technology into membership, 741
International Treaty on Plant Genetic Resources for Food and Agriculture, goes into effect, 367
Invista, 571
IOI Oleochemicals Industries Bhd., news agency expects higher profits, 308
Iowa State University, 175; announces commercialization of 1% linolenic acid soybean oil, 98
Iron, in infant health, 348
Irradiation of food, 758
Isbell, T., on estolides, 513
Isoflavones, and disease, 315; patent suit announced, 99; research into safety in supplements, 784
Israel, 651
Israel, B., 86
iTERG, 128
IUPAC-AOCS Workshop on Fats, Oil, and Oilseed Analysis and Production, 709
Ivory Soap, 1897 magazine article on uses of, 190

J

Jackson, N. 111
Jackson, R., 111
Jamieson, G. S., 684
Japan, 595, 730; food guides, 142
Johnson Diversey Inc., 86
Johnson, G., 479
Johnson, L., elected AOCS president, 227; profile, 214; meeting report on Emerging Technologies in Oils and Fats Industry in India, 325
Jones, P., speaks to AOCS Northeast Section, 169
Journal of the American Oil Chemists' Society, discontinues manuscript submission fee, 709

K

Kalscheur, R., receives DGF H.P. Kaufmann Prize, 724
Kao LLC, 530
Katz, R., report on 2002 international workshop on n-3 fatty acids and prevention of coronary heart disease, 548
Kaufman Holdings, 201
Kaufmann, H.P., 802
Kay Chemical Co., 87
Kelanco Ltd., acquired by Karlshamns AB, 714
Kellens, M., 151
Kemper, T., 508
Kenar, J. A., 95; on current perspectives on oleochemical carbonates, 580
Kincs, F., 231, 539
Kingsbaker, C.L., receives AOCS Processing Division Distinguished Service Award, 476
Kirchern, B., 479
Kleingartner, L., on National Sunflower Association, sunflowerseed industry, 748
Knothe, G., on Hans Paul Kaufmann, 802; on Wilhelm Normann, 364
Koch, Thomas, 111
Kochhar, P., 739
Kodali, D., 488
Korean Society of Food Science and Technology, becomes member of International Society for Fat Research, 741
Korean Society of Food Technologists, 623
Koseoglu, S., on functional roles for phytochemicals in food ingredients, 350; on ITERG's new oils and fats facility, 128
Kövari, K., presents Chevreul Medal Lecture, 739
Kraft Foods Inc., 506; reorganizes, 159
Kucharczyk, D., 346
Kuksis, A., on failure to do complete scientific literature searches, 536
Kwiatkowski, J., 790

L

Laughlin, G. on forensic microcopy, 400
Laundry additives, new product from soy announced, 108
Lazar, M.A., 743
Leckban, G., on research for improvement of rapeseed varieties, 295
